

### **RA Golf 2026**

Beginning April 2026, RA Golf will shift to a high intensity model. This change comes from the overall competitiveness and negative trajectory of competitive junior golf in Northwest Indiana. RA Golf believes in what it takes to help junior golfers be the best version of themselves while preparing and giving them the necessary tools to play collegiate golf. Success in junior golf as many things in life comes with commitment. RA Golf is no different and believes there needs to be a great focus on commitment to athletic development, skill development as well as competitive experiences. Listed below you will find the model and opportunities your athlete will follow as we shift into Spring and Summer of 2026.
